Coronavirus (Covid-19)

Stay at home to stop coronavirus spreading
Everyone must stay at home to help stop the spread of coronavirus.

- You should only leave your home for very limited purposes:
- shopping for basic necessities, for example food and medicine, which must be as infrequent as possible
- one form of exercise a day, for example a run, walk, or cycle – alone or with members of your household
- any medical need, including to donate blood, avoid or escape risk of injury or harm, or to provide care or to help a vulnerable person
- travelling for work purposes, but only where you cannot work from home

Stewardship

‘Christ upon the Mount of Olives rehearsed the fearful judgments that were to precede His second coming: “Ye shall hear of wars and rumours of wars: ... Nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes, in divers places. All these are the beginning of sorrows” [Matthew 24:6-8]. While these prophecies received a partial fulfilment at the destruction of Jerusalem, they have a more direct application in the last days.—[Testimonies for the Church 5:753 \(1899\)](#).’ LDE 18.2’
